DETAILED ACTION

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 26-29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In regards to claim 26, it is unclear what is meant by “in a manner”?

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 34 and 35 are rejected under 35 U.S.C. 102(b) as being anticipated by Manning (US 3,854,673).

In regards to claim 34, Manning discloses the combinations of a spool and bobbin holder 10 comprising:

at least one spool receiving member 14; and

at least one bobbin receiving member 28, where the at least one bobbin receiving member comprises a ‘U’ – shaped formed from a first leg, a second leg and a rear portion where the at least one bobbin receiving member is carried proximate to the spool retaining member.

Art Unit: 3654

With respect to claims 35, the method described in these claims would inherently result from the use of the spool and bobbin holder of Manning as advanced above.

Allowable Subject Matter

Claims 1-25 and 30-33 are allowed.

Claims 26-29 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
